*We are The Pizza Shack, Not Chicago-style. Not New York-style. Mississippi-style pizza at its finest.*

*The idea of an old-style pizza parlor that made real pizza pies the way they were meant to be was first discussed among three lifelong friends working in the restaurant business in late 2003. We felt that cookie cutter pizza chains had distorted the public's perception of what a pizza pie should be and it was time to bring back the pie we ate as children.*

*We knew that our customers would savor the freshness. With these principles in mind, we saved every penny we could for the next two years. We created new sauces. We developed our special dough. We worked on unique and special pizzas. We prepared for the day we could open our own restaurant. We developed our dream.*

*That day finally came on March 27, 2005.*

*Since that day, the crowds have grown almost daily. Our customers have become our family and our family continues to grow. We have won dozens of awards in USA Today, Jackson Free Press, Mississippi Magazine and several others. Our original location on State Street has moved around the corner to Fortification Street. We have become a part of the community and the community has become a part of us. We feel honored to be a part of your lives. The Pizza Shack belongs to all of us in this great city, you guys are just as responsible for its success as we are. All we can say is "Thank You" for making our dreams come true!*
